FOR RELEASE: OCTOBER 2006

Trouble-free garden repairs: easy as 1,2,3 with Amazing GOOP® Lawn & Garden!

Weather and the wear and tear of the summer season can take a toll on garden accessories, tools and furniture. But with the right adhesive, it's no longer necessary to replace those cracked hoses, ripped deck umbrellas or loose tiles-- simply pull out a tube of **Amazing GOOP® Lawn & Garden** to bond it, seal it or repair it and save some money.

Amazing GOOP® Lawn & Garden, by Eclectic Products, Inc., is the perfect adhesive for all outdoor-related projects because of its ability to repair, seal, and bond to a wide variety of materials including wood, metal, cement, ceramic, brick, rubber, canvas and vinyl.

It is particularly useful for bonding unlike materials like wooden handles to metal tool parts with superior strength.

This one-part adhesive has a unique ability to withstand movement and temperature extremes without cracking or separating because it dries to a clear, rubbery finish that is UV-resistant.

It is also an excellent sealant for repairing items such as gloves, sprinklers and drip system hoses, gutters and downspouts. For maximum ultraviolet protection, paint over it after it has cured.

Keep a tube of Amazing GOOP® Lawn & Garden handy as you winterize your outdoor living area this fall or get ready for spring.

- Reattach tool handles and repair patio furniture and umbrellas, equipment and sheds with ease.
- Make your own protective coating for garden gloves; create a non-slip surface for tool handles.
- Mend small tears in window and door screens and fix leaks in cracked hoses, sprinklers, cement ponds and birdbaths.

With Amazing GOOP® Lawn & Garden, you can even create beautiful mosaic table tops and other decorative projects like birdhouses and plant holders. The special applicator tip on the 3.7 oz. size makes fine work simple, and the 1.0 oz. size fits nicely in your pocket for unexpected repairs while working around the garden.

###

Dear editor, if you'd like to try Amazing GOOP® Lawn & Garden, please e-mail me at lisa@dcsconsulting.biz and I'll send you a sample. To see a see a 300 dpi image of Amazing GOOP® Lawn & Garden, visit this link: http://www.eclecticproducts.com/ag_thumbs.htm.
